

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

*Stated Meeting, September 15, 1882.*

Present, 4 members.

Vice-President, Dr. LE CONTE, in the Chair.

M. Woldemar Kowalevski, member of the I. Academy of St. Petersburg, was introduced.

M. Edward Sève de Bar, accepted membership by letter, dated Philadelphia, August 31, 1882.

The death of M. Liouville, at Paris, Sept. 9, was announced.

Acknowledgments of the receipt of publications were received from the Ast. Gesell., Leipsig (109); the Cincinnati Observatory (109, 111); the Leop. Car. Gesell. Halle am Saale (109); and the Free Public Library of New Bedford (111).

Requests for missing numbers were received from the Leop. Car. Gesell. Halle am Saale (108, and pp. 483-498 of —); and from the Paris Geographical Society (XIV, ii, and 62).

Donations for the Library were received from the Revista Euskara; Academy of St. Petersburg; Ant. and Hist. Society at Copenhagen; Academies at Amsterdam, Leiden, Harlem, Batavia, Brussels and Munich; Geographical Societies at Paris and Bordeaux; London Antiquarian Society and Nature; Cambridge University Library; Hist. Societies of New York and New Jersey; James Hall; Franklin Institute, Journal of Pharmacy and Dr. J. B. Roberts; U. S. National Museum, Fish Commission, Census Bureau and Coast Survey; Am. Chem. Journal, and Johns Hopkins University; Ohio Mechanics Institute, and Davenport Academy of Sciences.

Mr. Cope exhibited and described some remarkable new fossil forms from the Permian rocks of Texas, and communicated a "Third contribution to the history of the Vertebrata of the Permian formation in Texas."

The reading of nominations being dispensed with, the meeting was adjourned.
